

# CHILE EARTHQUAKE APPEAL PUBLIC MEETING

Monday 19th April 2010, 7:00 PM

Speaker: BELARMINO VERA  
from the Chilean community in Liverpool

On Saturday 27 February a magnitude 8.8 earthquake struck Chile causing significant loss of life and massive damage to buildings and key infrastructure. The resulting tsunami caused immense additional damage and loss of life in Chilean coastal settlements.

Belarmino has recently returned from Concepción, one of the cities most affected by the earthquake, where he and his family and friends experienced the full impact of the earthquake and its aftermath.
